### Celebration Event

On Wednesday 23<sup>rd</sup> October, Oldham hosted a Celebration Event for children and families that have been part of the Making It REAL project. Some of our children and families attended the event at Oldham Library to share some of the amazing work that they have been doing. The REAL project has had a positive impact on the children whose parents were strongly involved in the programme. Parental engagement has proven to be a key to the success of the project. Well done everybody.

His city was in danger and he was the only one that could save it. Arthur hesitatingly began to climb. At first, Arthur thought it was easy like a climbing frame, but as he got higher and higher his fear became stronger and there were less places for him to put his hands and feet. His fear nearly consumed him, making him think the tree was slippery even though it was a sunny day. Then, he opened his eyes and realised that fear could not get him to the top, but courage could. He believed in himself and kept on climbing until he reached the top. He grabbed the roots and a tiny fraction of a second later, SNAP! The branch broke and Arthur was falling through the air. At the moment of his greatest peril, he looked up into the sky as claws reached out to grab him...
