

Identifying Shapes

This activity requires you to say if the shape is a 3-D or 2-D shape.

Remember that a 2-D shape is a flat shape, whereas a 3-D shape is a solid shape.

In your activity book write down;

- 1) The name of the shape, and if it is 3-D or 2-D.

Extra activity;

Can you recognise any 3-D shapes around your home? Remember the shape is a solid, for example, a brick.
