

Oak, Elm & Sycamore

Independent learning booklet

It is really important that you continue your learning at home. Make sure you do some Reading, Writing and Maths every day. This booklet contains activities to help you practise your spellings, SPAG, reading and Maths skills while you are at home.

Research project

Choose a concept from either this half-term's topic or the next to do some independent research on. You can present your findings as a poster, a booklet, a PowerPoint etc. Below are some ideas of the concepts you could choose.

World War II	Space
<ul style="list-style-type: none">• The Blitz• Winston Churchill• Evacuation• The Holocaust• Oldham during WWII• D Day landings	<ul style="list-style-type: none">• The planets in our solar system• Why we have day and night?• Why do we have the seasons?• Our moon• Asteroids• Space exploration

Useful websites

Twinkl - A great website used by teachers across the country. During this period they are offering free access to parents. It contains 1000s of resources on all subjects.

Step 1: Go to www.twinkl.co.uk/offer

Step 2: Enter the code CVDTWINKLHELPS if you have not yet been given a code

Step 3: Log in and search for your year group and subject.

Classroom secrets - Another great website used by many teachers. They are also offering a free platform until April for children to have access to a variety of resources. <https://kids.classroomsecrets.co.uk/>

Pobble365 - A lovely website that gives a picture for every day (though you can look at any day you choose). Each picture has some questions about it and ideas for story starters. www.pobble365.com/

Ttrockstars - A great way to practise your times tables. You can either try to beat your best time or compete against other people. <https://play.ttrockstars.com/>
