Day 3 Writing Activity

Sentence challenge!

A parenthesis is a word or a phrase put into a sentence to give it more information.
Sometimes a parenthesis is in italics, sometimes it is in (brackets), sometimes there is a dash – and sometimes it has 'inverted commas' around it.

Parentheses are used to:
- Explain what a difficult word means.
- Show someone's thoughts
- Add extra information to help the reader
- Emphasise a point
- Can you use brackets to add extra information?

E.g. The ball (which was actually the sun) shot across the evening sky.

Write 10 sentences that include parenthesis (remember to use all types of punctuation) to describe the image above.
