## Writing task Menu

Try to complete some of these tasks whilst at home.  
You can also make up a new task of your own to share with the class when we return to school.

We have made the **red tasks a little easier** and the **blue tasks more challenging**. Enjoy your learning and take care, with love from your teachers x

### Time Capsule

Write a letter that we can hide in a time capsule, explain what has happened, why we are off school and how you are feeling. Describe what you are doing each day and how you feel about not seeing your friends (or you teachers?) It will be buried in our school grounds. Maybe 100 years from now, a little boy or girl, just like you could be reading all about your experience!

Jack had had enough, a whole week now, stuck indoors with his annoying little brother! He was desperate to get back to school and see his friends. He was so bored and the days were dragging. But that was before he found it! On Friday morning, he was searching under his bed for his mobile phone when suddenly he saw it, a small, brown door! With his heart beating quickly, he opened the door and found a dark mysterious tunnel... but where would it lead? It could be dangerous! However, Jack knew, he had to find out...
