To do on Purple Mash

Simmering

Name the female parts of a flower.

Name the male parts of a flower.

Does a flower reproduce sexually or asexually? How do you know?

Main Activity (2 lessons)

Use Purple Mash to research 3 different lifecycles. Find 3 things that are similar/different; e.g. they all begin with an egg.

Present your research as a life cycle including diagrams with labels and explanations using scientific vocabulary.
