

Week Beginning 11.05.2020 Reading Year 5 & 6.

Hello Sycamore, Oak and Elm Class, we are missing you all terribly and hope that you and your families are keeping yourselves safe.

This week's activities for reading are a mixture of comprehensions, inference practice and question strategy practice.

Monday

The Solar System. Read the text about the solar system then complete the matching, label and true or false questions – REMEMBER – your answers must make sense and come from the text you have just read.

Tuesday

BBC Bitesize – please click on the following link <https://www.bbc.co.uk/bitesize/articles/zbkbgwx>

Using the novel *To Be a Cat* you will learn about selecting key pieces of information from a text and evaluating the text while giving a personal opinion. This will help when you have to write book reviews about the books you have been reading whilst at home.

Make sure you listen to the clips of the extract being read aloud. Remember you can listen to the clips two or three times if you need to, you could even pause the clip if you wanted to make notes.

COMPLETE ACTIVITY 1

Wednesday

Using BBC Bitesize and the link from yesterday (Tuesday) above listen to the clips again, this will remind you about the texts.

COMPLETE ACTIVITY 2

Thursday

The Solar System. Read the text about the solar system then complete the multiple choice, sequencing, underline or highlight and find and copy questions – REMEMBER – your answers must make sense and come from the text you have just read.

Friday

Log in to Purple Mash and find today's reading task 'Nightfall on the Somme.' If you cannot access Purple Mash I have saved the resources in this week's folder. Read the text and answer the questions either interactively (as a 2Do) or in your yellow books. Please make sure you complete all 3 activities.
