

MONDAY HOMOPHONES: SILVER.

- Homo means same.
- Phone mean sounds.
- Homophone means the same sound.
- Homophones are words that sound the same but mean different things and are spelt differently.

Task 1: Write the homophone to go with each word in the table.

		Common Homophones:
isle	↔	aloud
cereal	↔	affect
draft	↔	aisle
allowed	↔	profit
effect	↔	stationery
stationary	↔	draught
prophet	↔	serial

Task 2: Draw lines to match the homophone to the correct definition.

Draught	Describes something that is not moving.
Stationery	Writing supplies
Aloud	To let someone have or do something.
Draft	To say something out loud.
Stationary	A current of cool air.
Allowed	A version of a piece of writing that isn't final.

Task 3: Complete the sentences using the correct homophone.

- The first **draft/draught** of my novel was complete.
- He read the letter **allowed/aloud**.
- The car hit the **stationary/stationery** vehicle.
- The supermarket **aisle/isle** was full of people.
- The heavy curtains at the window kept out the **draughts/drafts**.
- His mum said he was **allowed/aloud** to play football.

Task 4: Write a sentence using the word:

- practise
- practice

Many homophones end in **-ice** and **-ise**.
If a homophone ends in **-ice** it is a **noun**.
If a homophone ends in **-ise** it is a **verb**.
