

Deadly Dinosaurs

Did birds evolve from dinosaurs?

Where there more plant-eating dinosaurs or meat-eating dinosaurs?

Why did dinosaurs have long tails and how did they move?

Were there any flying dinosaurs?

Have a read of this brilliant 'Dino-Directory' by the National History Museum.
<https://www.nhm.ac.uk/disc-over/dino-directory/name/name-az-all.html>

Choose your **top 5 Dinosaurs** and create your own 'Dino Directory'. Remember to not just copy the information. Try to write what you have learned about each dinosaur in your own words. Try to include a picture, sub headings and plenty of factual information.

Have a look at the 'What am I?' Dinosaur riddle game that has been uploaded. Can you read the clues to name the dinosaur that is being described?

After that, have a go at making your own 'What am I?' game about some different dinosaurs using different clues. You can do an electronic version using Powerpoint or you can make a card game. Play it with a family member to test their knowledge about dinosaurs.

Create a dinosaur silhouette art.

- inspiration.

Create your own Dinosaur Shadow puppet theatre. You could use the instructions that have been uploaded to help you. Get your family members involved and have lots of fun writing, practising and performing your dinosaur puppet play.

You could record it and email it to school so we can watch too!

Hello everybody! I hope that you are all safe and well. Thank you to the children who have sent in pictures of their completed home learning. We have loved looking at the amazing work you have created so WELL DONE and KEEP IT UP! This week I've added some questions about dinosaurs that I would like you to research and find the answers to. Use the websites that we recommended along with the dinosaur e-book and other information books you have

Create your very own dinosaur and label its unusual features. This can be done on the computer or on paper. You could even make a 3D model of the dinosaur you have created.

What is its name?
Which period of time would it have lived in?
What habitat would it have lived in?
Did it have any enemies?
What did it like to eat?
Where in the world will it have existed?
Challenge: Create a fact file for your dinosaur to share with family and school.
