

## Welcome Back

This newsletter comes at the beginning of the second week back after the half term holidays which I hope that you all enjoyed. Last Wednesday, we welcomed back our Year 6 pupils who we were really pleased to see after such a long time. Our main priority for everybody, was the safety for all. At the end of their first day, all the children said that they felt safe and were happy to be back at school. Today, our Year 1 pupils have had their first day back and I am pleased to say that all went well. In the next few weeks, we are hoping to widen our opening to Reception pupils.

Please remember, that we will still continue to put work on our school website for everybody and it is important that you encourage your child to complete it on a regular basis. As always, if you have any concerns or your child is struggling with the work, please contact school as soon as possible either by phone or email to [info@broadfield.oldham.sch.uk](mailto:info@broadfield.oldham.sch.uk)

## Parenting Fast and Slow

Parenting Fast & Slow is designed for parents with children aged 3-9 years old. You can learn new ways to help your child be calmer, more helpful, and learn better. There are fun film clips, cartoons and exercises. You can do the course on your mobile, tablet or laptop. The methods are proven to work, and you can practice putting your new skills into action at home from day one! Parenting Fast & Slow will help you become the best parent you can be...

By doing this online course you will help your children become happier, more rounded, and easier to live with. You will get a better understanding of what makes them tick, and importantly, practical techniques on how to relate to them in a different way. You will find that your children are surprisingly responsive to the changes you make. If you are interested in taking this course, please let me know as soon as possible as there are only 30 places available.
