

Perceptions of Africa

LO: To understand Africa is a very diverse continent.

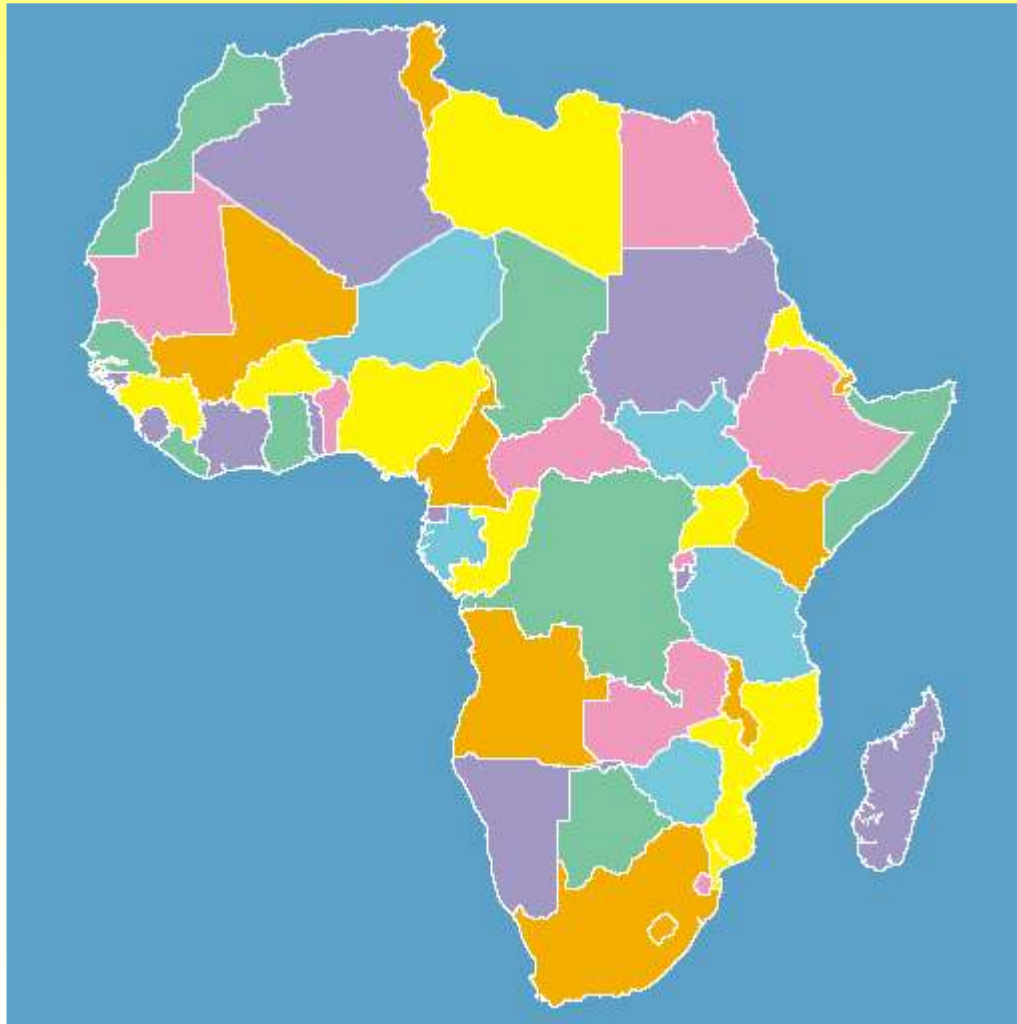

Starter:

“Perception”.

What does this word mean?

How many countries are in Africa?

There are 54 countries

- How many can you name?

Task:

You are about to see 18 images. The photos were taken in many different countries.

Your task is to decide if each photo was taken in an **African country** or not.

It would be useful to look for **clues** in each photo rather than guessing.

Task:

- 1. In your books write 1-18 in the book of your books.**
- 2. Write either: Africa or not.**
- 3. If you can guess the country.**

LO: To understand that Africa is a very diverse continent.

Choose 2 countries in Africa to compare (try and choose 2 that are very different)

You could compare: climate, terrain, population, wildlife, average income, use of the land, average life span, religions, education, languages etc.

You can set out your work as a table, poster or any way you choose.
