

WHAT AM I?

Watch the Zoo vet powerpoint and make up your own 'WHAT AM I?' riddle. Let's see if I can guess yours correctly.

What Am I?

The Zoo Vet

Think about all the stories you know with animals in. The 3 Bears, Little Red Riding Hood? The 3 Little Pigs, Billy Goats Gruff etc.

Choose your favorite and retell the story in your own words. Try to use lots of adjectives (describing words) I can't wait to read them!

Look at the first picture. What kind of animal is in the picture? Research this animal and write a fact file about it.

Where does this animal live?
What does it like to swim in?
What does it like to eat?

Our topic is PAWS CLAWS and WHISKERS!

Writing task menu.

Try to complete some of these tasks whilst at home. You can also make up a new task of your own to share with the class when we return to school.

WHAT HAPPENED NEXT?

The Zoo Vet; What happened next? Read through the powerpoint. What do you think happened next? You can continue the story!

The Zoo Vet What Happened Next?

What do you think happened next at the zoo vet's surgery? Write your own story about what was wrong with each new patient and how the vet helped them.

The Selfish Crocodile

Look at the pictures on page 2. The crocodile is 'shouting' at the other animals.

Write speech bubbles to tell me what you think the crocodile is shouting and what the other animals might say back to the crocodile. How are the other animals feeling?

Look at the pictures on page 3.

Write about what is happening in the pictures and what you think will happen next.

Think about with the crocodile. What are the other animals thinking? What will the mouse do?

Same and different

Choose 2 of your favorite animals and create a SAME and DIFFERENT list!

They may both have whiskers so that could be the same but perhaps one has a trunk and one doesn't so that would be different!

Can you find 5 of the same and 5 different features! Use capital letters and full stops and try to use apostrophe for omission (when there's something missing!)
e.g do not = don't

Look at the final picture.

Write about what the mouse is going to do to help the crocodile?

What do you think happens next Draw a picture of what the mouse does next and then write this part of the story.

What am I ?

What type of character is the crocodile? what other animals can you see?

What is wrong with the crocodile? What do you think the mouse is going to do to the crocodile?

Is the mouse helping the crocodile ?

How is he helping and what will he do next ?
