

Year 3 and 4 Home Learning  
Geography (The Romans) Week 12

Monday

You are all doing the same activity in this lesson..

# The Romans

Learning Objective:

To be able to compare the geography of Britain and Italy.

What have we  
found out so far about  
Italy and Rome?

In what ways do you think Italy and Britain are similar?

Ideas:

A large, empty rectangular box for writing ideas, framed by a red border. The box is intended for the student to write their responses to the question above.

In what ways do you think Italy and Britain are different?

Ideas:

A large, empty rectangular box for writing ideas, framed by a red border. The box is intended for the student to write their responses to the question above.

In the year 43 AD, the Romans invaded and conquered England (then known as Britannia) and many Romans came over to England to live.

What might a Roman soldier have found difficult about moving to a new place?

What do you think he would have missed about his home?

What would he have found similar to his old life in Rome?

**Think about what might be the same and different about England and Italy. Complete the activity on the next page.**

This Roman soldier has just moved from Rome to England. Can you write down how he might be feeling about the similarities and differences between Italy and Britain?

Things that are different...

Things that are the same...
