

## Home Learning

This year, we are determined to keep all our pupils on-track and make sure no one falls behind if they need to learn from home because of coronavirus. If your child has to self-isolate they will have to complete work at home. Your child's class teacher will get in touch with you to discuss the expectations for learning during this time. Your child will have a set timetable which they will have to follow and will have regular contact with their class teacher. It is important that we have your details so that we can keep in touch.

We will be sending out further details, about our expectations for remote learning in the near future.

## Farewell

Sadly, we say goodbye to Mrs Turner. She has been at Broadfield for 16 years. She has contributed to all areas of school life and we would like to thank her for her commitment and dedication during this time. We wish her every success in her new venture.

## Congratulations

Congratulations to Miss Thirsk and family on the birth of Louie Oliver, both mother and baby are doing well.

We have also received good news from Mrs Thompson, who gave birth to Poppy Michelle who is now two weeks old – best wishes to all the family.

## Radclyffe Open Evening

Radclyffe will be holding their virtual open evening for Year 6 children and their parents on Wednesday 30th September 2020, live from 5pm.

### Learning

Beech class have been doing some fantastic work this week. They did some super writing about monsters and they found the autumn leaves and drew them carefully.

### We love writing

Children in Elm class have been writing poems using similies and metaphors. Michael shared his poem with me.

I am energising yellow like the bright sun.  
I am happiness.  
I am winter frost.  
I am like the summer warmth.  
I am like sand on the beach which makes me soft to touch.  
I am a soft snowflake.  
I am as tall as a lamp.  
I am a loveable friendly dolphin.  
I am as fast as a cheetah  
I am a skinny french fry.

## Oldham Journeys

Have you ever thought about why people came to settle in Oldham? As part of their topic Identity, children in Oak class have been discussing this with the support of their family.

### **My Oldham Journey**

#### **Romania**

In Romania most people are kind and friendly. However, there are not that many jobs and educational opportunities. My dad decided to come to England in search of a job, education for us and for us to have a better future and to raise a beautiful, healthy and loving family. It was very courageous of my dad coming to a country he had never gone too.

#### **London**

It was a year that we spent in London. It was freezing! My dad had no job and strived to find one. After a year of struggling, he decided to move to Oldham.

#### **Oldham**

My dad and my family came to Oldham because my dad finally found a job that he was very eager about. However, after working there for 5 years he decided it was the right time to move to another job. Due to the fact we were only able to see him at night. This meant that we spent little time with him. We could not spend proper quality time together, but this has now improved things. His job is a lot better, he gets paid more and more importantly he can see us more.

### **My Family's Oldham Journey**

I was born in London but both of my parents were born in Pakistan. Both of my parents came to England for an education however, my dad came looking for a job. My dad also came to England because in Pakistan my grandad was poor and my grandad had 7 kids and he couldn't afford to feed all of them. Due to the fact my dad was the oldest he had to come to England to look for a job.

When my dad arrived in London, he didn't know anyone. He didn't know how to speak English. His first job was as a waiter. He lived in a very small apartment. He often got bullied. Once my dad was going to work and 4 teenagers came at my dad with a bat and hurt him. He went to the hospital. After my dad came out of the hospital, he worked all day and all night. He did many jobs. He learned how to speak English. Then, my dad's oldest sister came to England. My dad's sister found a friend and her cousin was looking for someone to marry. My dad married her. Then, I was born on the 22nd March 2010. I lived in London for the first 3 years of my life. All I remember, was when I came on a train to Oldham. We came to Oldham because my mum's relatives live here. I would not like to live anywhere else except for Oldham because all of my relatives and friends live here and my school is here.
