Notice Your Strengths

Complete the VIA Strengths to identify your top 5-8 strengths

Ask those you are currently living with – (children 10 -17)

Over the next few weeks

- Notice when they are in play
- When they are helpful
- When they get in the way

Create a Safe Space

In your mind
Then you can go there
whenever you want/need to

Bounce Forward

MY SAFE SPACE

When things bother me, I can go to my **Safe Space** in my mind.

ACTIVITY: Create a picture on a blank piece of paper.

Things to include: What you can see, hear, smell. Who/what is there with you? What are you doing when you are there?

ACTIVITY: List the positive emotions you feel when there.

ACTIVITY: List the everyday activities that you do that create the same positive emotions for you? How can you create that same positive emotion during COVID19?

Some Thing to Try

- **Distraction** – move through the alphabet and think of place for every letter
- **Calm** – Take 5
- **Write a gratitude letter to yourself**
- **Organise your day and include looking after YOU into the schedule**

five ways to wellbeing

connect > be active > take notice > keep learning > give

THE FIVE WAYS TO WELLBEING

Developed by the **New Economics Foundation**, the **Five Ways to Well Being** are evidenced based actions that individuals can take to improve their wellbeing, that is feeling good and functioning well.

You can learn more about the five actions here

www.nhs.uk/conditions/stress-anxiety-depression/improve-mental-wellbeing/

The Five Ways to Wellbeing are:

Connect – connect with the people around you: your family, friends, teachers and neighbours. Spend time developing these relationships.

Be active – take a walk, dance, or play a game that requires you to be on your feet. Find an activity that you enjoy and make it a part of your life.

Keep learning – learn something for fun that isn't linked to school. Learn to cook a recipe, learn an instrument, or figure out how to fix your bike?

Give to others – even the smallest act can count, whether it's a smile, a thank you or a kind word. Larger acts, such as volunteering at your local community centre, can improve your mental wellbeing and help you build new social networks. How can you 'give' during COVID19?

Take Notice – be more aware of the present moment, including your feelings and thoughts, your body and the world around you. Put down your phone and take notice of what is around you and really 'see' it. Some people call this awareness "mindfulness", and it can positively change the way you feel about life and how you approach challenges.

ACTIVITY

Use the template below to create a weekly plan and build in all five actions.

Include what you will do each day and any reminders will you need to set yourself.
