Sports Week 2021

Sports Week 2021 was one of the best to date! The week started off with a park run for KS2 children. The children did fantastically well, running an alternative route due to the circus being in town. The week followed on with a mini Olympics for the classes during their PE lessons with 2 classes competing against each other. Each day, there were typical sports day activities such as the egg and spoon race, three leg race and many more put on for each class throughout the school. Well done to everyone who took part and gave their all, especially our early years' classes who also joined in with the activities.

On the Monday, the whole school was given a challenge to learn a dance for Friday (Cameo, Candy). It was fantastic to see the whole school together again outdoors and enjoying themselves for the first time since lockdown. Well done to our challenge winners Sycamore and Willow class! A fantastic way to round off sports week together (but distanced) as a whole school after what's been an unforgettable year.

This year, the organisation and delivery of sports week was a huge challenge due to the situation with Covid-19. Our incredible sports team (Mrs Jolley, Mr Lees and Mr Healey) managed to deliver all these fantastic events while following the guidance given to the school. Every space available was utilised for the delivery of sport and with the hard work and dedication of our sports team, "Sports Week" was a huge success!

The Minotaur

The Minotaur is a huge, fearsome beast with sharp, bloodthirsty teeth and foul breath. The half man half bull has snow white goat-like feet. He has curved, hollow horns that are used to stab his unsuspecting, innocent victims. He has chocolate brown, leathery skin with bulging, outstanding veins. He's got scarlet bewitching, glowing orbs inside his face with corn-shaped ears. It's muscular, bent legs are strong like a lion's. With a light pink nose, he breathes out with his huge nostrils. The cherry-red cloth on his waist dangles down beneath him. He lurks in the shadows of the complex labyrinth dangerously with a longing desire for flesh. The child-slayer is usually seen with a peaked, hazardous object. Everyone closes their noses as he walks past with a stinking, expired odour. He has a beaming golden ring in his nose that stands out like colour in a black canvas.

BOOK REVIEW

Harry Potter and the Philosopher's Stone

Reviewed by Hamayl

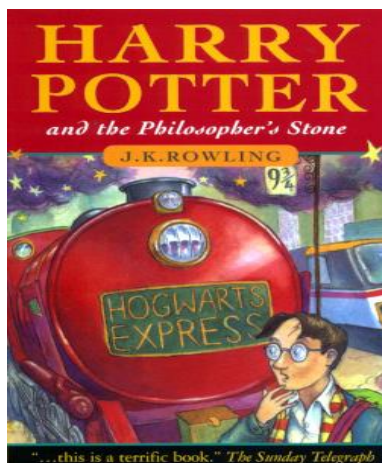

This is the first of the many Harry Potter books, the main part is Harry realising he's a wizard. As his parents have tragically died, he's sent to 4 Privet Drive where he will live his life or will he??

My favourite chapter is the Mirror of Erised where a sneaky boy is sneaking around the school at night and comes across a mirror with a secret message: erised stra ehru oyt ube cafru oyt on wohsi. And no, it is not in different language.

My least favourite chapter is Nicolas Flamel it sorts of solves the mysteries on the Philosopher's Stone so that's why it's my least favourite :)

RATING: it's a terrific book don't get me wrong, but it's a tiny bit boring.

My personal opinion is 4.5/5
