

## Sports Premium Support 2017/18

| Focus                                                                                           | Funding Breakdown                                                              | Action Plan                                                                                                                                         | Evidence                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |
|-------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Identity training and development needs for all staff and delivery suitable training CPD        | £2000 (cost of external training and use of existing experienced sports staff) | Increase staff knowledge through utilisation of existing PE staff                                                                                   | Questionnaire to staff highlighted a teacher who requested training in the teaching of gymnastics. Experienced school team member worked with her in the Autumn first half term and after a successful Team Teach, the teacher then taught gymnastics independently in the second half term. Two TAs attended netball training enabling them to then teach netball in school independently.                                                                                                                                        |
| Research, identify and trial suitable assessment methods for PE lessons                         | £150                                                                           | Introduce consistent whole school approach to monitoring children's progress in PE                                                                  | Purchased a scheme of work for KS1. Learning objectives and success criteria are now part of each PE lesson. Children are aware of their success criteria.                                                                                                                                                                                                                                                                                                                                                                         |
| Summer Sports Club                                                                              | £1000                                                                          | Target less active children to participate in a range of healthy lifestyle activities in the school holidays                                        | Summer sports club took place staffed by school teaching assistants. Vulnerable children were targeted to attend. Attendance was high and the activity was oversubscribed. Additional resources were purchased to allow a range of different activities.                                                                                                                                                                                                                                                                           |
| Research, identify and trial initiatives aimed at parents education of health and wellbeing     | £1000                                                                          | Target families that might have knowledge gaps in health related issues                                                                             | Introduced 'Star Club' an initiative to support targeted children and their families to have an active lifestyle. A group of children meet weekly to participate in a range of physical activities. Attendance has been high. Children have diaries to share their lifestyle habits with their families. Healthy eating is discussed and children take part in healthy cooking events. Parents are invited to attend the last session with their children to share good practice and to support the wellbeing of the whole family. |
| Contribution to continuation of Employment of 2 Sports Apprentices from April 2017 – March 2018 | £7750                                                                          | Increase lunch time opportunities for children<br>Increase inclusion of all children in quality sports<br>Increase the number of after school clubs | The additional two members of staff has allowed us to run a series of structured lunch time activities across the school across a very wide range of sports. They also run after school clubs and take part in a range of inter school competitions.                                                                                                                                                                                                                                                                               |
| <b>Specialist Gymnastics Tuition</b>                                                            | £1000                                                                          | To improve quality of PE Provision                                                                                                                  | Children continue to benefit from additional expertise in after school clubs. Children in Reception and KS1 are able to attend these clubs. We continue                                                                                                                                                                                                                                                                                                                                                                            |

|                                                                  |       |                                                                                                                                          |                                                                                                                                                                                  |
|------------------------------------------------------------------|-------|------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|                                                                  |       | This is ongoing as the children are advancing to higher skill levels and so school are benefiting from a higher level of skills coaching | to be able to compete at higher levels of competitions.                                                                                                                          |
| <b>Hathershaw College Partnership and Failsworth Affiliation</b> | £1450 | Greater opportunity for high profile sports personalities to come into school                                                            | A range of high profile individuals have visited Broadfield including Olympians. We take part in a range of inter school competitions and opportunities through the partnership. |
| <b>Transport to matches</b>                                      | £550  | To increase participation in PE and competitive sport                                                                                    | We are able to attend weekly competitions at various key stages.                                                                                                                 |
