#### Performance Ideas

Performing in front of the class can be a daunting task for some pupils. Be mindful to introduce this gradually by encouraging pupils to perform without forcing them. Performance is an important part of dance but can also be time consuming if not structured correctly.

#### Performing, some good ideas:

- Create an environment in which pupils feel safe to perform by teaching the audience how to be respectful.
- Help the audience to structure their feedback with positive comments first, followed by areas to improve.
- Encourage pupils to use the correct dance terminology in their feedback.
- Ways to perform: half the class to the other half, one individual to another, one pair to another, three groups at a time etc.

### **Key Vocabulary:**

All schools must provide swimming instruction either in key stage 1 or key stage 2. In particular, pupils should be taught to:

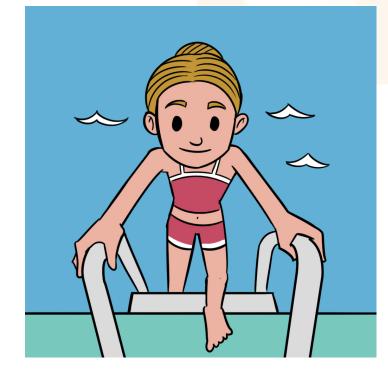

- swim competently, confidently and proficiently over a distance of at least 25 metres.
- use a range of strokes effectively [for example, front crawl, backstroke and breaststroke].
- perform safe self-rescue in different water-based situations.

### **Top Tips for Teachers**

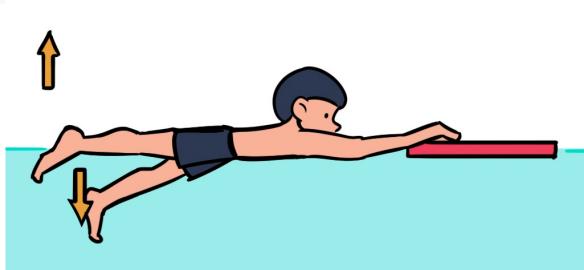

- Use the time you have travelling to and from the pool to discuss water safety. Find resources from Swim England in the resource bank to support this.
- It is recommended that all pupils wear swimming hats.
- Have a range of buoyancy equipment available for less confident swimmers such as arm discs, swim belts and noodles.
- The Get Set 4 PE swimming plans are written for group sizes of 12. These can be taught for more or less pupils but you will need to be mindful of the equipment required and ratios of adults to pupils.
- The Year 1/2 SOW is written for beginner swimmers, the Y3/4 SOW is written for developing swimmers and the Y5/6 SOW is written for intermediate swimmers. When selecting lesson plans to teach, consider the level of your swimmers not necessarily the age.
- Always check the safety and pool guidelines of the facility you use before teaching.

- Pupils should be able to engage in competitive (both against self and against others) and co-operative physical activities, in a range of increasingly challenging situations.
- Pupils should be taught to participate in team games.

### Why team building?

Team building games are a great tool for helping your pupils learn to work together, listen carefully, communicate clearly and think creatively. They also give your pupils the chance to get to know each other, build trust as a class and develop vital life skills.

#### Top tips for teaching Team Building:

- Encourage your class to think independently whilst working collaboratively.
- Mix up who the children work with. Working with children whom they have different relationships with allows them to develop a new set of social skills.
- Build on the learning in the lessons by identifying when these positive behaviours are used in different situations throughout the school day.

 Pupils should be taught to develop balance, agility and co-ordination, and begin to apply these in a range of activities.

### **Top Tips for Teachers**

- Repetition helps to reinforce learning. Repeat poses to allow the children to build on their yoga practise.
- Children will find it hard to concentrate for long periods of time. Mix up your teaching and know that children will be able to remain focused for different lengths of time and that that is ok.
- Keep safety in mind and ensure children work at a level they feel comfortable with.
- Use the word "try" so that the children learn to appreciate the process rather than the result.
