Applying for a Reception Place in September 2023

If your child is in Nursery, they will be due to start Reception in September 2023.

You will need to complete an application using the online application system available on the Oldham Council website.

The online system opened on **1 September 2022** and will close at **5pm on 15 January 2023**.

We recommend that a **minimum** of three preferences are made for any application.

If you don't have access to the internet, there are computers in all Oldham's libraries and at the Civic Centre – Access Oldham.

You will be able to access further information, a guide, and links to school websites by logging onto www.oldham.gov.uk/admissions

If you are unsure about this process, please contact school and a member of the office staff will be more than happy to help.

Even if you already have a child or children at Broadfield, you still need to apply for a school place.

Creativity

Zain and Hannan from Chestnut class, collaborated over the weekend to build a model robot (The Miobot) which is a build your own robot. It comes in pieces to begin with without any power connections. Zain found a spare wiring kit and a battery pack. He struggled with the wiring part and called Hanan for help. Hanan had some experience in wiring as he practiced wiring gadgets with his dad who used to be a mechanic. Together, they created a robot which was fully functioning and had its very own app to control it wirelessly.

Amazing team effort!

We love writing

Children in Woodlands class were tasked with writing a description about the shadow and moon for English.

The twirly, jet black shadow gripped the intelligent king crow. Charging against the muscular, furious crow. The ebony, faddish shadow, danced as he thought he could powerfully attack and capture the midnight crow.

The shiny, colossal, spherical moon is a reflective glass, shooting out like asteroids of polished small rock of stars. Majestically, the beautiful, glorious stars guarding the grand moon like soldiers fighting with the king against the darkness.

Aroush

The swirly, vast shadow, tried to seize the king crow rapidly. Charging against the aghast and fearful crow, the ebony shadow started to dance around, trying to seize the fragile but witty crow.

Standing out in the pitch black sky, the glamorous, luminous, colossal moon, lit up the sky that looked stunning with a million stars shining like breath-taking diamonds.

Summayyah

The spooky shadows slithered intensely like a huge, heavy chain dangling. It had a patterned outline that looked like a giant piece of cheese. The bright light was shining on the scary figure, that made the huge shadow cover one side of its body.

Ibrahim

As the spherical, glowing moon was shining on the beautiful, oversized sky that was full of alluring, sparkling stars like a bunch of asteroids hitting earth. The glistening light was gently piercing through the dreadful darkness, brightening up the miserable sky.

Sports round up

The last half term, was busy for Broadfield. First of all, our Year 6 children went on a residential trip to Robinwood. This involved a range of activities such as rock climbing, canoeing, raft building and zip wire. It was a challenging and tiring weekend for the children, but they all took on the challenges fantastically representing our school very well.

As we started a new year, we also started to compete in school competitions. The first of which was the Year 5&6 boys' football A&B teams. Both teams competed very well against other schools in the Hathershaw cluster. Both teams finished in 6th place which was a good achievement with a lot more schools competing this year.

After the boys' football, came the cross country competition. Our cross country runners absolutely smashed it and finished 2nd overall which is an incredible achievement. The team competed at Alexandra park and just managed to avoid the rain! Four of our runners managed to win individual medals!

It has been a brilliant start to the year for sports and competitions for Broadfield Primary School. Well done to all of our children that have been a part of our teams and good luck to all who have been trying to make the teams for this half term's competitions.

Thank you to Mr Healey for sharing this report with us.
