Issue # 6

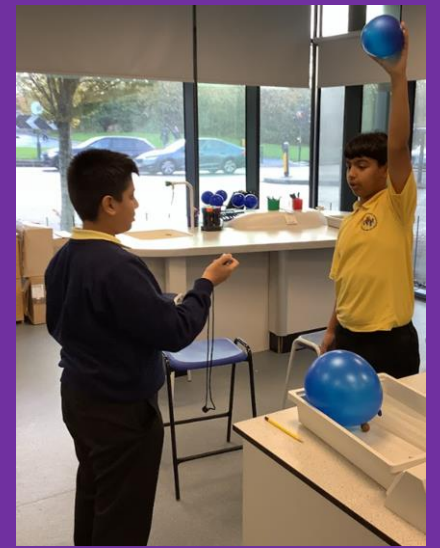

23.11.23

### Spotlight on...

UKS2 (Year 5 & 6) who have been learning about Amal the puppet who travelled across Europe and explored different countries.

Children used the virtual reality headsets to explore the landscape of Turkey as part of their geography learning.

Children in UKS2 have been learning and conducting investigations about gravity. They focussed on their measuring skills of depth and diameters of craters. They also visited the Science Centre and observed how air resistance affects different objects.
